

Des Scott has for sale an **Advance Adapter kit** to mount up a Chevy V8 up to your Scout Torqueflite.

Des is asking **\$300** which represents a **great saving over the US price and the cost of postage.**

Advance Adapters GM to Scout transmission bell housing adapters make it easy to install a 1985 or earlier GM V8 for use with your Scout's transmission and transfer case. These kits feature a steel adapter plate, a Chevy 168-tooth flex plate drilled to fit the Scout torque converter, torque converter spacers, a Chevy crankshaft bushing, and more. When you need new power for your classic Scout, use Advance Adapters GM to Scout transmission bell housing adapters with a GM V8 and let her rip!

For Sale by the Club

Scout Headlight Bezels

Previously, the club held an inventory of spare parts for Scouts with the assistance of some past members.

Recently some headlight bezels that were held by the club have re surfaced and are now for sale.

They are NOS but it seems we have more left side ones than right. They can be used for both sides of the vehicle, will mean though the slots for your headlight aiming screws won't line up.

Of course, membership has it privileges,

Members price \$100 per pair/ Non Members \$130 per pair, plus postage and packing at cost.

Australian sales only.

Contact Fred Wright, 0412 963 310, first in, best dressed.

Graphite Exhaust Gaskets.

The club also has a limited supply new exhaust gaskets for sale.

As before, membership will be an advantage and they will sell for \$20 pair Victorian ISOC members and \$30 pair anyone else, plus postage and packaging where applicable.

Given notice, Victorian members can collect at a meeting and save on postage costs.
